

# STASH

## Product Designer

<b>Location</b>	Reading
<b>Salary</b>	Up to £70k
<b>Contract Type</b>	Permanent

This is a unique opportunity join an incredibly exciting and innovative FinTech company which has taken the US by storm. You will be part of the driving force behind our UK brand launch.

We have immediate opportunities for great people to join us. You'll help to drive our vision to pioneer the future of personal finance and share our passion for creating social value.

Stash is a digital-first financial services company committed to making saving and investing accessible to everyone. By breaking down barriers and building transparent, technology-driven products, we help the 99% build smarter financial habits so they can confidently save more, grow wealth, and enjoy life. We're are an established brand in the US. And now we are expanding to the UK.

### THE ROLE:

As a Product Designer at Stash, you will own the entire product design life cycle, from proposing initial concepts to shipping features at a high quality. You will be expected to contribute to all aspects of design, including research, testing, interaction design and visual design.

### WHAT YOU'LL DO:

- Design simple and intuitive product experiences
- Evaluate data from multiple sources, synthesise it, and develop design strategies according to best UX practices
- Help define the short and long-term roadmap for your product area
- Be open to giving and receiving design feedback

- Work with the engineering team to oversee new user experiences from concept to launch
- Identify the needs of Stashers and improve on existing features

### **YOUR BACKGROUND:**

- 3+ years in a product design role at a B2C software company
- Detail-oriented, self-motivated with a passion for pixel perfection, consistency, organisation, usability and discoverability
- Strong visual communication skills with a keen eye for typography, layout, and colour
- Ability to prototype designs and run user testing sessions
- Ability to think at a high level about product strategy
- Excellent communication and presentation skills - you'll be expected to be able to clearly communicate design decisions and keep track of all projects and documentation
- Self-motivated attitude with the ability to work in a fast-paced, challenging work environment
- Proficiency in Sketch, Photoshop, Illustrator, or other design tools
- Portfolio featuring examples of design work

### **DID WE MENTION THE BENEFITS?**

- Competitive salaries
- Equity in Stash,
- Healthcare
- Pension scheme
- Learning and development opportunities
- Substantial employee referral bonuses
- Flexible holidays
- Flexible working
- A great office environment!

### **WE'D LOVE TO HEAR FROM YOU:**
