

Technical Talent Acquisition Manager

Location	Reading
Salary	Up to £58k
Contract Type	Permanent

This is a unique opportunity join an incredibly exciting and innovative FinTech company which has taken the US by storm. You will be part of the driving force behind our UK brand launch. We have immediate opportunities for great people to join us. You'll help to drive our vision to pioneer the future of personal finance and share our passion for creating social value.

Stash is a digital-first financial services company committed to making saving and investing accessible to everyone. By breaking down barriers and building transparent, technology-driven products, we help the 99% build smarter financial habits so they can confidently save more, grow wealth, and enjoy life. We're are an established brand in the US. And now we are expanding to the UK.

THE ROLE:

We're looking for a Technical Talent Acquisition Manager to join our growing UK-based team. This hire will have the opportunity to be the first People Operations hire in Reading, London will assist in all office operations while also helping to rapidly scale our software engineering and product organization. If you're collaborative, love a challenge, and can thrive in a high growth environment then this is the perfect position for you.

WHAT YOU'LL DO:

- Full lifecycle recruiting across all technical roles
- Work closely with hiring managers across Stash to ensure hiring goals and expectations are met
- Build interview processes from top to bottom

- Manage the interview process and candidate journey from application review to offer, and close candidates at all levels
- Utilise creative sourcing techniques to source and attract top talent
- Develop and implement strategic initiatives for recruiting diverse talent
- Plan and host events in order to position our team and company as thought leaders
- Use a data-driven approach to continuously identify opportunities for process improvement and scalability across the company.

YOUR BACKGROUND:

- 3+ years of experience in technical recruiting across all levels of the organization
- Proven track record of hiring top talent
- Excellent verbal and written skills
- Proficient in an ATS Software (Greenhouse preferred)
- Ability to maintain a high level of confidentiality and sensitivity
- An existing network & pipeline of potential tech candidates

If you have experience of the following, even better ...

- Startup experience
- Passion for technology
- Excellent sense of humor

DID WE MENTION THE BENEFITS?

- Competitive salaries
- Equity in Stash,
- Healthcare
- Pension scheme
- Learning and development opportunities
- Substantial employee referral bonuses
- Flexible holidays
- Flexible working
- A great office environment!
